VARDHANSINH MANDORA

WEBSITE & APPLICATION DEVELOPER

Beside ECS Plant , Vautha - Virpur Road , Dholka , Ahmedabad

SUMMARY

Passionate and self-driven final-year Computer Science student with strong expertise in the MERN stack & a growing skillset in mobile app development. Adept at building responsive web applications, integrating APIs, and working with modern development tools. Continuously learning and building real-world projects to expand both web and mobile development capabilities. Eager to contribute to dynamic teams and grow as a full-stack or cross-platform developer.

TECHNICAL SKILLS

Web Development	React.js	Express.js
Frontend Development	React Native	NoSQL
Backend Development	Node.js	Figma

PROJECTS

An ECommercial Website   **Jan 2025**

- Made an fullstack ecommercial website using MERN stack technology which fully functional with admin panel and responsive and hosted using vercel.
- Several essential libraries were utilized to support modern web development practices and ensure sustainable development with React and Node.js. (eg. Express , Axios , Mongoose , etc).
- Implemented complete modern functionalities, including payment gateway integration, OTP authentication, JWT-based user authentication, and several additional advanced features to enhance security and user experience.

An Ecommercial Mobile Application   **Mar 2025**

- Built a cross-platform mobile app using React Native with a smooth and responsive UI.
- Integrated secure OTP authentication and JWT for user login and session management.
- Implemented payment gateway functionality and additional features for real-world usability.
